1992 Volume 10, Numbers 1–4
Subject Index

Abies . . . see **Fraser fir**
acclimatization
in Chinese evergreen oak . . . 10:1
in indian hawthorn . . . 10:1
Acer . . . see **maple**
adjuvants . . . see **weed control**
air pruning . . . 10:133
amended media . . . 10:125
arcillite
physical properties of . . . 10:63
Asian jasmine
effect of herbicides on rooting . . . 10:181
auxin
effect on rooting of woody taxa . . . 10:245
azalea
chemical pinching . . . 10:28
resistance to lace bug . . . 10:40
weed control in . . . 10:55; 10:175
azalea lace bug
resistance in azalea . . . 10:40
barberry
influence of herbicides on quality . . . 10:17
bedding plants
growth in compost . . . 10:52
Berberis . . . see **barberry**
Betula . . . see **birch**
birch
resistance to Japanese beetle feeding . . . 10:177
weed control in . . . 10:8
blueberry
survey of cultural practices . . . 10:224
branching agents
in geranium . . . 10:90
browse damage . . . see **deer damage**
calcium nutrition
in cotoneaster . . . 10:104
Capsicum . . . see **pepper**
chemical pinching
in azalea . . . 10:28
cherry
resistance to Japanese beetle feeding . . . 10:177
Christmas tree
customer preference for . . . 10:199
clematis
weed control in . . . 10:8
Codiaeum . . . see **croton**
compost
growth of bedding plants in . . . 10:52
composted hardwood bark media . . . 10:125
container production . . . 10:19
containers
application of granular herbicides in . . . 10:175
evaluation of design . . . 10:133
fabric/field-grow . . . 10:208, 218
controlled release fertilizer
in fern production . . . 10:238
on growth of holly . . . 10:162
Coreopsis
seed priming of . . . 10:129
Cotoneaster
effect of mulch on growth . . . 10:23
growth in containers . . . 10:133
propagation of hawthorn lace bug resistant genotypes . . . 10:99
crabapple
effect of mulch on growth . . . 10:23
resistance to Japanese beetle feeding . . . 10:177
crapemyrtle
influence of herbicides on quality . . . 10:17
croton
effect of fertilization . . . 10:81
cultural practices
survey in blueberry industry . . . 10:224
Cupresso-cyparis . . . see **Leland cypress**
customer preference
in Christmas tree selection . . . 10:199
Daphne X virus
detection of . . . 10:153
Daphne
production in vitro culture . . . 10:153
daylily
weed control in . . . 10:8; 10:14
deer control . . . 10:46
deer damage
evaluation of . . . 10:46
Dieffenbachia
effect of fertilization . . . 10:81
disease control
in Photinia . . . 10:45
disease resistance
for Dutch elm disease . . . 10:59
dormancy
in woody plants . . . 10:101
drought resistance
in landscape plants . . . 10:94
Dutch elm disease
resistance to . . . 10:59
Echinaceae . . . see **purple coneflower**
economic analysis
in the nursery industry . . . 10:108
economics
nursery products industry . . . 10:4
elm
resistance to Dutch elm disease . . . 10:59
Epipremnum . . . see **golden pothos**
Euphorbia . . . see **poinsettia**
fabric/field-grow containers
effect on tree growth . . . 10:208, 218
fern
container production of . . . 10:238
fertilization
on foliage plants . . . 10:81
fertilizer
response in newly planted oak trees . . . 10:242
slow release . . . 10:218
foamflower
tissue culture of . . . 10:171
foliage plants
effect of irrigation on growth . . . 10:81
water utilization by . . . 10:111
foliage plant production . . . 10:238
forcing woody species . . . 10:101
Fraser fir
seedling growth of . . . 10:205
Fraxinus . . . see **green ash**
freeze tolerance
in indian hawthorn . . . 10:1
fungicide
control of Entomosporium leaf spot . . . 10:145
geotextiles . . . 10:43
geranium . . . 10:125
golden pothos
growth of . . . 10:156
green ash
growth in fabric containers . . . 10:218
growth
effect of arcillite . . . 10:63
growth promotion
in geranium . . . 10:90
growth regulation
in azalea . . . 10:28

in foliage plants ... 10:87
in Mandevilla ... 10:36
with moisture stress ... 10:232
growth regulator
alternative to chemicals ... 10:232
effects on Fraser fir ... 10:205
on rooting ... 10:245
growth response
chemical pinching in azalea ... 10:28
growth retardants
use in foliage plants ... 10:87
hardiness
in chinese evergreen oak ... 10:11
in indian hawthorn ... 10:1
hawthorn lace bug resistance
in cotoneaster ... 10:99
Hermerocallus . . . see **daylily**
herbaceous plants
weed control ... 10:8
herbicide
application to turfgrass ... 10:228
combinations ... 10:19
effect on adjuvants on efficacy ... 10:55
effect on rooting ... 10:181
in container grown plants ... 10:19
influence on shipping quality ... 10:17
non-target loss of ... 10:175
phytoxicity to daylily ... 10:14
use on ornamental grasses ... 10:136
hibiscus
herbicides on rooting ... 10:181
holly
controlled release fertilizer on growth ... 10:162
host plant resistance ... 10:177
in azalea ... 10:40
in cotoneaster ... 10:99
hydrophilic gel ... 10:218
Hypoestes . . . see **pink polka-dot plant**
Ilex . . . see **holly**
in vitro culture
detection of Daphne X virus ... 10:153
of foamflower ... 10:171
indian hawthorn
leaf and stem hardiness ... 10:1
iron application
reducing herbicide injury ... 10:228
irrigation
ebb and flow system on growth ... 10:81
effect on maple ... 10:118
Japanese beetle
feeding preference ... 10:177
Juniperus . . . see **juniper**
juniper
weed control in ... 10:19
Lagerstroemia . . . see **crapemyrtle**
landscape architects
survey of ... 10:69; 10:73; 10:78, 202
landscape contracting ... 10:69; 10:73; 10:202
landscape contractors
survey of relationships ... 10:202

growth in containers ... 10:133
light
influence on germinatin of Mt. Laurel ... 10:121
Ligustrum . . . see **privet**
lilac
bud dormancy in ... 10:101
Liquidambar . . . see **sweetgum**
Lycopersicon . . . see **tomato**
magnesium nutrition
in cotoneaster ... 10:104
Malus . . . see **apple, crabapple**
mandeville
growth regulation ... 10:36
maple
response to high-salt irrigation ... 10:118
weed control in ... 10:8
marigold
height control with moisture stress ... 10:232
market research ... 10:69; 10:73; 10:78; 10:202
marketing ... 10:32
media
effect of arcillite ... 10:63
microclimates
effect on tree growth ... 10:139
mock orange
weed control in ... 10:8
mountain laurel
seed propagation of ... 10:121
mulch
effect on soil temperature ... 10:23
native plants
germination of ... 10:121
growth regulation ... 10:28
production of foamflower via tissue culture ... 10:171
response to high-salt irrigation ... 10:118
Nephrolepsis . . . see **fern**
nitrate fertilization
effect on leachate fraction ... 10:167
nitrogen management
in landscape plants ... 10:94
nursery business organization ... 10:32
nursery industry structure ... 10:32
nursery management
introduction of weeds ... 10:159
nursery products industry ... 10:4
nursery stock
economic analysis of ... 10:108
nutrition
Ca and Mg in cotoneaster ... 10:104
effect of mulch ... 10:23
in newly planted Oak trees ... 10:242
on growth of geranium ... 10:125
oak
growth responses to fertilizer ... 10:242
hardiness of Chinese evergreen oak ... 10:11
post-transplant acclimatization ... 10:208
ornamental grass
herbicide use on ... 10:36
Pelargonium . . . see **geranium**
pepper
height control with moisture stress ... 10:232
perennial
foamflower production via tissue culture ... 10:171
production of ... 10:129
pH
effect on herbicidal activity ... 10:55
Philadelphus . . . see **mock orange**
photinia
control of Entomosporium leaf spot ... 10:145
Picea . . . see **spruce**
Pieris . . . see **mountain laurel**
pink polka-dot plant
response to growth regulation ... 10:87
plant availability
market research ... 10:202
plant evaluation
for North Central United States ... 10:192
poinsettia
nitrate in leachate fraction ... 10:167
postharvest
keeping qualiry of Ruscus ... 10:150
privet
bud dormancy in ... 10:101
production system
evaluation of the Ohio system ... 10:114

propagation
in cotoneaster . . . 10:99
of mountain laurel . . . 10:121
using glycol carriers . . . 10:245
Prunus . . . see **cherry**
purple coneflower
seed priming of . . . 10:129
Quercus . . . see **oak**
Raphiolepis . . . see **Indian hawthorn**
Rhododendron . . . see **azalea**
influence of herbicides on quality . . . 10:17
root morphology
effect of root pruning on . . . 10:214
root pruning
in cupric hydroxide-treated containers . . . 10:214
in porous and nonporous containers . . . 10:133
root regeneration . . . 10:114
rooting
effect of growth regulators on . . . 10:245
Rosa . . . see **rose**
Rose
resistance to blackspot . . . 10:235
rose blackspot
cultivar resistance . . . 10:221, 235
Ruscus
keeping quality . . . 10:150
seed priming
in perennials . . . 10:129
sewage sludge
use in bedding plant production . . . 10:52
shipping quality
influence of herbicides on . . . 10:17
socioeconomic characteristics
in choosing Christmas trees . . . 10:199
soil temperature
effect of mulch . . . 10:23, 43
Spathiphyllum
effect of fertilization . . . 10:81
spirea
bud dormancy in . . . 10:101
spruce
effect of mulch on growth . . . 10:23
sweetgum
growth in urban environments . . . 10:39
Syringa . . . see **lilac**
Tagetes . . . see **marigold**
taxol
concentration in Taxus cultivars . . . 10:187
Taxus . . . see **yew**
temperature
influence on germination of Mt. Laurel . . . 10:121
Tiarella . . . see **foamflower**
tissue culture
of daphne . . . 10:153
of foamflower . . . 10:171
tomato
height control with moisture stress . . . 10:232
Trachelospermum . . . see **Asian jasmine**
tree growth
microclimate effects . . . 10:139
turfgrass
Fe influence on herbicide tolerance . . . 10:228
Ulmus . . . see **elm**
urban forestry . . . 10:208
Vaccinium . . . see **blueberry**
vegetable transplants
growth control in . . . 10:232
water management
in landscape plants . . . 10:94
water stress
in transplanted oak trees . . . 10:208
water utilization
by foliage plants . . . 10:111
weed barriers . . . 10:43
weed control
effects of adjuvants on efficacy . . . 10:55
in azalea . . . 10:19
in container grown herbaceous perennials . . . 10:8
in container grown plants . . . 10:19
in container nurseries . . . 10:159
in holly . . . 10:19
in juniper . . . 10:19
in ornamental grasses . . . 10:136
in turfgrass . . . 10:228
with mulches . . . 10:43
weed seed dispersal
in container nurseries . . . 10:159
whitetail deer
control of . . . 10:46
woody plant evaluation . . . 10:192
woody plant performance
new plant evaluations . . . 10:192
yew
concentration of Taxol . . . 10:187
